

Trident Pacific participated EXPO in Surabaya on September 26-28, 2019

TRIDENT Pacific TAIWAN EXPO

R3D2(SAR payload) SAT
Launched on 03/28/2019

Altitude: 450 km
Orbit:
Inclination 45° (TS-1)
Sun Synchronous (TP-2)
Weight: 200~350 kg
Size: 3.66 x 1.24 x 1.24 (m)
Bandwidth: X & L Dual Band
Revisit: 2-4 per day

by applying the innovative remote sensing technique to enhance the oil palm management operations and productivity.

- Establish Geospatial and Base Layers of Estates
- Maturity Control
- Health & Disease Monitoring
- Drought /Fire/Illegal Warning
- Provide an Information Platform for Management

Airborne SAR + SAR/UAV

All Remote Sensing Services

Oil Storage Analysis, Search & Rescue, Environmental Protection, Agriculture Monitoring, Geospatial Maps, Transportation
